## Palestinian Coding Academy for Youth

Name of the Ministry or Institution	Prime Minister Office (PMO)
Project Objectives	Prime Minister Office (PMO) is working on Coding Academy program which focuses on closing the gap between the education systems and the market needs, with Coding Academy we will be able to create a sustainable development which will create change in the life of people who join the program and in the country to the better.
Project Description	<p>Coding Academy will be the coding Bootcamp of Palestine. Based on the Hack Reactor curriculum, we will accomplish in 4 months what most universities in the world fail to deliver in 4 years: market-ready software engineers experienced in the world's favorite internet programming language.</p> <p>By the end, applicants will be an expert software engineer, capable of tackling unique and unfamiliar problems as well as building complex applications.</p>
Duration of the project	One Year
Project Cost (USD)	1,750,000 \$
Ministries and institutions Responsible for Implementation	Prime Minister Office (PMO) and Stakeholders.
Project Beneficiaries	250 Students in the Information Technology Sector.
